Another year almost at an end.

I have just spent a day at the Invercargill A&P Show, in glorious weather, helping with the scoring for the Shearing and Woolhandling competitions.

I was surprised at how small the show has become and how few people seemed to be about. Is this a sign of the times?

Agriculture was the “back bone” of the Country ??

Anyway, it was wonderful to see **John Kirkpatrick** travel from Napier to defend his title which he did in fine style, congratulations. Congratulations to **Angelique Gage** on taking away the Open Woolhandling prize too.

Main Shear is under way in North Island areas. It has been a bit slow in the South, but I am sure you are all ready when the rush arrives. And with the weather being warm and providing just enough rain in most places to keep the farmers happy, it is shaping up to be a bonanza of a season.

Bill and I and Julia wish you all a very HAPPY XMAS and take some time to enjoy the New Year celebrations happening at your place. CHEERS!!!! Jenny

Bill is looking decidedly like a Happy Santa.
